Oasis.
ACOUSTIC BOOTH

PRODUCT INTRODUCTION

Oasis acoustic soundproof booth. Crafted with meticulous attention to detail offering a private and comfortable space where you can fully immerse yourself in your work.

Its state-of-the-art construction features a robust supporting frame made from aerospace-grade aluminum, reinforced with lightweight yet sturdy aluminum honeycomb panels.

The booth's sleek design incorporates tempered glass panels, ensuring both sound isolation and a visually appealing aesthetic.

The air in the booth is fully circulated in every 2 minutes, equip[ed] with 4000k natural colour lightning 12V-USB power supply and power rated for 100-220v/50Hz.

Step into an Oasis and experience the perfect environment free from distractions.
