DT-PL Series
Storage system

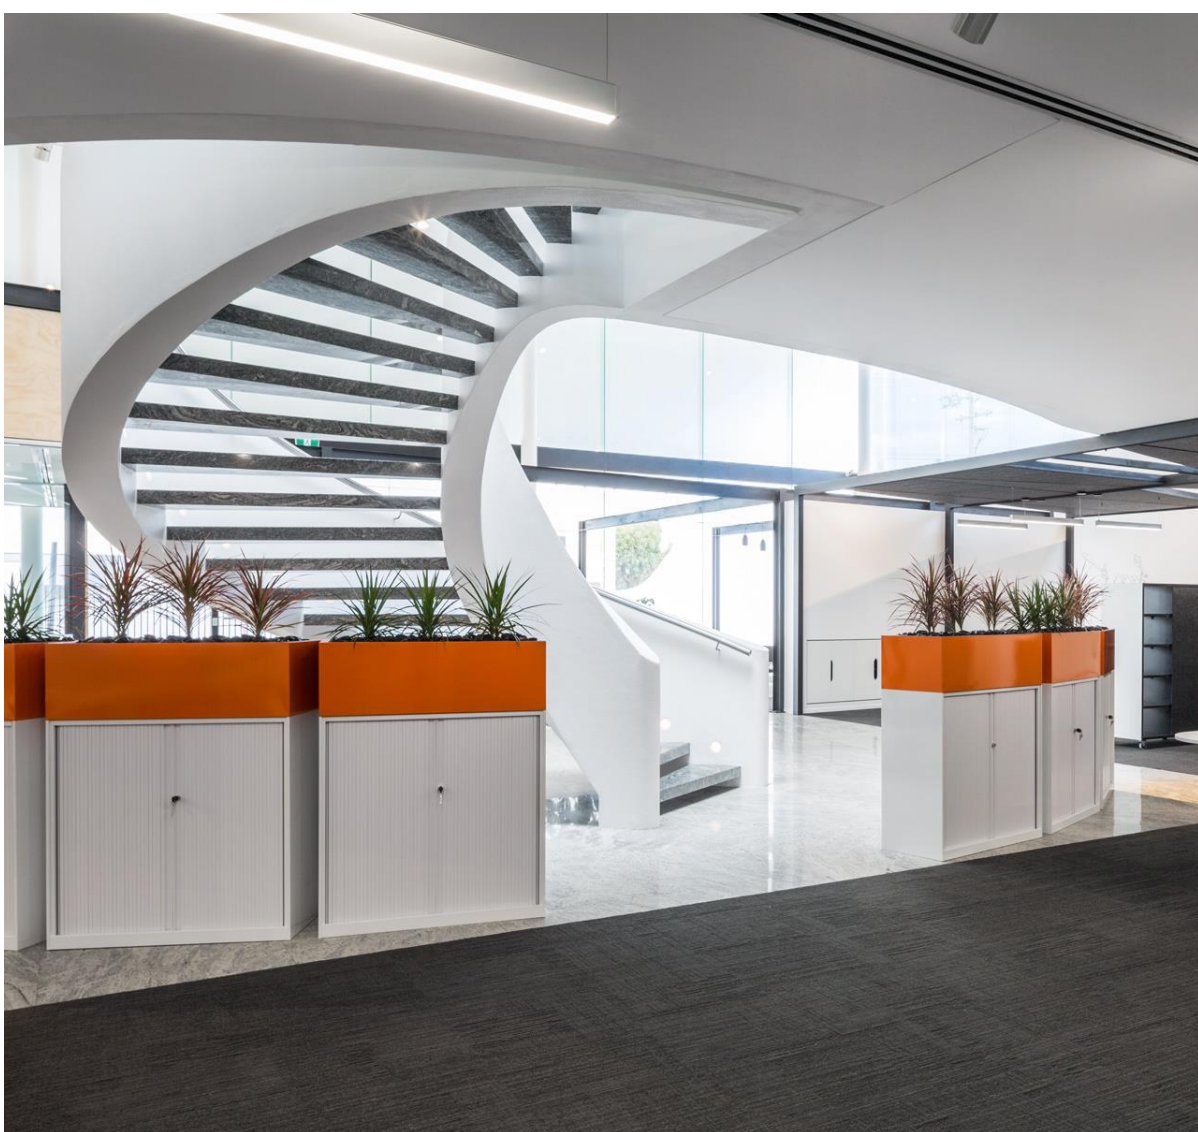

THE DT-PL

DT-PL supports modern work activities by allowing individuals to easily store and retrieve files, work tools and personal items.

The DT-PL series is a versatile system of premium quality steel storage cabinets and accessories with space saving ABS retractable tambour slats doors that are lockable and environmentally friendly.

Uses for DT-PL include as elements to separate work zones, departments or corridors, or as an extended work top, in addition tambour top planter units are available to introduce greenery and screening.

DT-PL is stocked locally in the quick ship models shown below and they can be custom made in various colours and sizes.

*Image features customised Planter box
