# FURSYS Story

**FURSYS GROUP is the best quality furniture specialised company in Korea.**

FURSYS is a Korea's leading furniture brand group with the best quality products and the number 1 in overseas exports. FURSYS has various products categories from education, home to office. In addition to the Korean market, Fursys is the most trusted brand with the best quality and design.

**Recognised worldwide for its design and quality excellence.**

FURSYS has won numerous international awards, and it is the first Korean company to be awarded the world's top three design awards (RED DOT, IDEA, IF). FURSYS pursues diversification of design through its in-house Research & Development center and collaboration with famous designers abroad.

**FURSYS cares about our green environment.**

FURSYS has been recognised for its commitment to green management by acquiring Greenguard certification, the global green certification system for all products.

## TEEMS IS

### Safe and Eco-Friendly

We carefully select non-toxic materials to ensure safety. We have proudly obtained Greenguard certification through strictly managing each step of the manufacturing process, from production to disposal. Eco-friendly material with E0 grade has been used to protect our environment and users.

### Child Focused

We study the development and movement of all stages of childhood, from their height 110cm to 180cm. TEEMS provides height adjustment and tilting that helps children grow in the right posture, and are engineered in the most ergonomic angle for the size of a child's body.

### Best Quality & Design

We set our strict quality standards and test for various situations. We have an in-house laboratory, equipped with test facilities for BIFMA accreditation by the American National Standards Institute. (ANSI). Furthermore, TEEMS won the world's top design award, IF. Best quality with best design, we offer experience of high-end furniture.

## TEEMS DESK

### FEATURES

01. 3 steps of adjustable height.
02. Desk surface can be tilted ( $11^{\circ}$ ) to the desired angle according to class format and user's posture.
03. A convenient pen holder on the desk surface stores writing tools. the desk surface adds convenience.
04. Drawer under the surface, and a pencil stopper prevents writing instruments from falling.
05. Soft poly-urethane edge is applied for superior comfort, with safely designed bag hanger.
06. Glides attached to the legs prevent the frame from shaking.

## TEEMS CHAIR

### FEATURES

01. 3 steps of adjustable height.
02. Forward tilting function (7.5°) helps create an optimal sitting position by allowing a student to maintain the natural S - shape of his or her spine.
03. An ergonomically designed PP (polypropylene) backrest provides back support and ventilation for comfortable sitting & Easy to move and carry by the hole of the backrest.
04. 'L' shaped legs do not bother children's legs.
05. Safe with round shape for every edge.
